CASH REGISTER MEN TO THE BAR

Cincinnati, O., Nov. 19.—The prediction that the case of the National Cash Register Company would be one of the important anti-trust prosecutions left over for the Wilson Administration to push to a conclusion is not likely to be fulfilled. The case was called in the United States District court here today, a special panel of jurors has been drawn, and the indications are that the trial will proceed without delay.

In point of magnitude of the property involved and the prominence of some of the individual defendants the case is one of the most important of its kind ever pressed by the government. The defendants, thirty in number must answer to charges of conspiracy to obstruct and monopolize the cash register business, in violation of the criminal provisions of the Sherman anti-trust law. The indictments were returned by the Federal grand jury sitting in this city last February.

The principal defendants named in the government bill are the following officers of the National Cash Register Company: President, John H. Patterson; vice president, Edward A. Deeds; secretary, George C. Edgerly; treasurer, W. F. Bippus; directors, William H. Huzzey, William Pflom and Alfred H. Thomas. All are residents of Dayton, Ohio, where the factory and general offices of the company are located. In addition to those named the defendants include more than twenty officials and managers of the

MONASTIR SURRENDERS

**SERVIANS CAPTURE TURKISH
STRONGHOLD AND GARRISON
OF 50,000 MEN.**

Belgrade, Nov. 18.—The Turkish Fortress of Monastir surrendered this afternoon to the Servian troops. Fifty thousand Turkish soldiers and three Generals laid down their arms. Monastir virtually had been surrounded by Servian troops for several days, while Greek troops coming from the south had cut off the Turkish line of retreat to Ochrida. On Saturday the Servian troops, after desperate fighting throughout the day and night, captured two important heights commanding the city. They then advanced through the morasses upon the inner fortifications, which surrendered today.

Monastir is the headquarters of the Sixth Turkish Army Corps, commanded by Fethi Pasha, but many other Turkish troops, fleeing from surrounding towns which had been captured by the Servians, concentrated there. Djavid Pasha, the commander of the Seventh Turkish Army corps, went there with many of his soldiers after the fall of Uskup to the Servians.

It was thought that the Turkish troops would be able to stand a lengthy siege in Monastir, but it is evident that the army was totally disorganized and lacked provisions.

Constantinople, Nov. 18.—The Sultan has addressed an appeal to the sovereigns of the great Powers, it is stated on good authority, requesting intervention to end the war.

A more optimistic tone prevailed in official circles today, due to confidence that the troops will be able to hold the lines at Tchatalja.

It is reported that cholera and typhus are causing fearful ravages in the Bulgarian ranks.

According to an announcement from the War Office, the battle in the center of the Tchatalja lines continued today. Mahmoud Mukhtar's division attacked the Bulgarians, throwing their formation into disorder and capturing several guns. The Turkish division, however, sustained heavy losses.

POLITICS AND POLITICIANS.

Massachusetts has elected a democratic lieutenant governor for the first time.

Governor George W. Donaghey of Arkansas aspires to a seat in the United States senate.

In the recent election the Socialist vote in Kansas exceeded \$9,000, about 12,000 more than ever before.

Barratt O'Hara, lieutenant governor elect of Illinois, is one of the youngest men ever elected to that office in the United States.

In the defeat of William B. Wilson of the 15th Pennsylvania district organized labor will lose one of its ablest representatives in congress.

Circuit Judge John W. Mason, for several years Republican national committeeman for West Virginia, seeks to succeed Clarence W. Watson in the United States senate.

Frank T. O'Hair, who is to succeed "Uncle Joe" Cannon in the House, was born in a log cabin in Edgar County, Illinois, and spent his boyhood days on a farm.

Staunton, Va., the place of Governor Wilson's birth, is planning to make the president-elects home coming jubilee next month one of the biggest days in the state's history.

Hugh C. Wallace of the state of Washington, who is mentioned for the post of Postmaster General in President Wilson's cabinet, is a son-in-law of the late Chief Justice Melville W. Fuller.

Samuel V. Stewart, whom the dem-

branch sales department of the company.

The National Cash Register Company is alleged to have gained a monopoly of the business during the last twenty years, the actual offense charged in the indictment covering a period of three years. The methods alleged to have been used to obtain the monopoly charged are as follows:

Threatened suits for infringement of patents to be brought to harass competitors, not for valid legal reasons.

Selling imitations of competitors' machines as "knockers" to prejudice customers of business rivals.

Organizing spurious competitive companies.

Seeking patents on inventions of competitors.

Buying up competitors or forcing them out of business.

Bribing employees of competitors and employees of transportation, telephone and telegraph companies.

Alliance Out of the Ordinary.

London, Nov. 19.—An international matrimonial alliance that reversed the general rule of titled bridegroom and American heiress bride was celebrated in Holy Trinity Church Sloane street, today, when the Countess Camilla Hoyos became the bride of Charles W. Short, Jr., of Boston. The wedding attracted a large gathering of fashionable society. The Countess was given away by her eldest brother, Count Hoyos. Mr. Short was attended by his brother as best man. The bride looked very pretty in a gown of white chiffon with an old Brussels lace train and veil. She was attended by six bridesmaids gowned in white chiffon, trimmed with white swansdown. The ceremony at the church was followed by a large reception at the home of the bride's mother in Cumberland Place. The bride is the youngest daughter of the late Count George Hoyos of Fiume, Austria, and she has passed much of the time in London with her widowed mother, who is an Englishwoman, a daughter of the late Sir William Whitehead. The widowed Princess Herbert Bismarck is a sister of the bride.

Mr. Short, the bridegroom, is the son of a well known lawyer of Cincinnati. He graduated from Harvard in 1908 and afterward studied architecture. He and his bride will make their home in Boston.

Club Women at Palm Beach.

West Palm Beach, Fla., Nov. 19.—This famous resort is thronged today with women from all over Florida, who have come here to participate in the eighteenth annual convention of the State Federation of Women's Clubs. The proceedings began this morning with a meeting of the board of directors. The remainder of the day was devoted to the work of organization, the exchange of greetings and the reception of annual reports from officers and committees. Business sessions and social features will carry the convention over until Thursday evening.

DURANT HAS RECEIVED

6,529 BALES OF COTTON
Durant, Ok., Nov. 19.—So far this season Durant has received a total of 6,529 bales of cotton by wagons. This is about two thousand bales less than was received up to this time last year, but it must be remembered that the acreage was reduced about 20 per cent in this county, and also that it is late this season. This is a very good showing.

The farmers of Bryan county are in fine shape this year, as they put in a large amount of grain, and a great harvest was the result.

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

The editor of the News has lived at Ada six years and although the town has never experienced a boom, there has never been a time that some building was not going on. That is the sort of growth that counts.

Whatever job Mr. Bryan may get under the new administration it is to be hoped that the discharge of his duties will not bring him into frequent contact with Champ Clark—McAlester News-Capital.

President-elect Wilson has gone to the Bermudas for a month of much needed rest and quiet and says it will not be good for the office-hunter who disturbs him. This will be about the last rest period he will see in four years or more.

To a man up a tree it looks very much like Congressmen and other dispensers of pie, would find their task greatly simplified if they would order an election for postmasters at appointive offices. That would turn the matter over to the patrons of the office and the appointee would certainly go in with the good will of a large portion of the community.

A Kansas editor has discovered a method to break up a setting hen. He slips an alarm clock under her, and when it starts its clatter the hen makes her fluttering and cackling get-away, and never comes back. It is easy to be lieve the alarm would have that effect on a hen, for she has no hands with which to pick up the clock and fire it out of the window.

WILLIAMS' UNFAIRNESS.

Muskogee Times-Democrat: Mr. J. Williams of Lawton, who is a candidate of speaker of the legislature, is quoted in the Oklahoman in such a manner as to make it appear that Speaker Durant of the last legislature, and Mr. John P. Crawford of Ada, chairman of the appropriations committee, were hooked up in some plan to increase the state appropriations. This statement, coming from Mr. Williams is very unfair and almost demagogic. Mr. Williams himself was one of the chief champions of several of the bills looking toward larger appropriations. Mr. Williams is a splendid man. We like him very much, but if Mr. Williams had had his way in the last legislature the appropriations would have been three or four million dollars more than they

were. It is very unfair for a man like Mr. Williams, who in the name of the farmer, urged the wildest sort of extravagance, to charge either Mr. Durant or Mr. Crawford with extravagance. If it were not for men like Mr. Williams it would be comparatively easy for the legislature to keep down excessive appropriations. We have a distinct recollection that every time Mr. Brewer and Mr. Elliott cracked their whip, Mr. Williams danced attendance and seemed to like it. J. Roy would be a pretty big man if he did not play to the galleries so much.

The Baptist Ladies Aid Society will conduct a Thanksgiving market Wednesday, Nov. 27. Anything usually served at this season will be had. Orders for same will be taken by Mrs. Stubblefield. Phone 288.

Don't fail to read the big ad of R. E. Haynes, the hardware man. It is one that has plenty of interest for any one especially one needing anything in his line.

C. T. Angel and wife are rejoicing over the arrival of a fine young son. The young man arrived Sunday but C. T. forgot all about it Monday when the reporter was around.

"The Girl in Red" Company arrived in time and the prospects are good for a big house, as the advance sale of tickets is good. The company is intact and it looks like a "big night tonight."

Two good ones at the Empress this evening, in fact, that is the only kind that theatre shows. The Organ Grinder's Ward is a story of every day life and all the more interesting on that account. In Old Madrid is a rich Spanish love story. Of course the lovers win out in spite of all the vigilance of a proud mamma.

Politics and Friendship.
"Have you decided how you are going to vote?" "Yes; but let's change the subject. There's no reason why you and I should not continue to be friends."

Of all the English novelists, Wilkie Collins stands in the very front rank. Dickens alone being entitled to stand beside him. Of his noted works of mystery, the Woman in White has always ranked first. This is the attraction that will be seen at the De Sota this evening. It is a two reel picture, and one of the best that money can procure anywhere. The actors in the performance are Thanbousers best, which statement is sufficient guaranty of its qualities.

HODGES ELECTED GOVERNOR OF KANSAS BY 23.

Topeka, Nov. 18.—All but one county, Wyandotte, have reported the official count on the vote for governor to the secretary of state. The Journal correspondent at the state house totaled the 104 counties officially reported on governor and added 1,728 as Hodges's majority in Wyandotte. The result shows a lead of twenty-nine for Hodges. Capper has a report from Wyandotte that Hodges's majority there is 1,722. Using those figures instead of 1,724 Hodges's lead would be twenty-three.

It is reported here that seventeen counties, which have already officially reported to the secretary of state, will send in supplemental reports and that there will probably be still more. These supplemental reports will have an important bearing on the result.

MARTIN DRAWS FIVE YEARS

PLEADS GUILTY TO THEFT OF DOMESTIC ANIMALS NEAR MAXWELL SATURDAY.

This morning Sim Martin, a young man living in the vicinity of Stratford, entered a plea of guilty to a charge of theft of domestic animals and received the minimum penalty of five years.

It is said that on Saturday night he attended a social gathering near Maxwell, and probably thinking that riding would be easier than walking, picked up a mare belonging to Mr. Southard. A mule, also belonging to the same party followed the mare. Deputy Sheriff J. A. Hooper took the trail at once and found the animals near Stratford, the mare showing signs of having been ridden hard. The boy was located at Byars and brought back to Ada Monday afternoon.

Rev. D. J. Austin and wife will leave Saturday for Fort Worth where they will spend the winter. This estimable couple has resided at Ada for the past six years and this will be the longest period of time they have been away from Ada. Rev. Austin has always stood at the forefront as a minister and teacher.

Crippling the Food and Drugs Act.

The Journal of the American Medical Association, discussing the McCabe-Wilson-Dunlap conspiracy to oust Dr. Wiley from the Bureau of Chemistry, says that the Food and Drug Act was seriously crippled both by the inadequacy of the punishment meted out to its violators and by the interminable delay in bringing cases to trial. Good examples of the law's delay are found in two notices of judgment recently published. One of these records a case in which an offense committed in January, 1910, finally came to trial in April, 1912. The public document giving information about this case was not issued until Sept. 27, 1912. The other case described was one of misbranding committed in August, 1910, and brought to trial in April, 1912. The public was given information about this case Sept. 27, 1912. Both of these were clear-cut cases of misbranding. In one, the defendant declined to contest the charge, and was left with the mere payment of costs; in the other, a plea of guilty was entered and a fine of five dollars was imposed. How much of a deterrent is a law which is so enforced that it may take two years or more for a given case to come to trial and when finally brought to trial results in a mere nominal fine? One of the best preventives against law violation is newspaper publicity. Many firms of the "large and respected" type which, under present conditions, do not hesitate to misbrand or adulterate foods and drugs, would think twice about doing so if they found that the news-

papers of the country would give wide publicity to their trial and conviction for such misdemeanors. But the average live newspaper does not want to deal with facts that have become ancient history before they reach the public. AN OLD INDIAN REMEDY

S. S. S. is one of the oldest of medicines; it was prepared and used by the Indian Medicine Man hundreds of years ago in the treatment of all blood disorders. Of course it did not then bear its present name, but the formula for compounding it was just what it is today, and its results then as now, entirely satisfactory to those who used it. S. S. S. is made entirely of roots, herbs and barks without the addition of a particle of mineral. It is the widest known and the best acting blood purifier before the public today. This great remedy cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Specific Blood Poison and any and all blood infections and impurities. No one need fear to use S. S. S. It is perfectly safe for any system, and its fine vegetable tonic effects especially recommend it to all weak, debilitated persons who may be in need of a blood purifier. S. S. S. goes into the circulation and removes every particle of impurity, humor or poison from the blood. S. S. S. acts most pleasantly and beneficially on the stomach, assists in toning up the digestive members, and contributes in every way to the blessing of strong robust health. Write for free book on the blood and any medical advice you wish. S. S. S. is sold at drug stores.

HARRIS CASE NEARING END

ATTORNEYS WILL PROBABLY
ARGUE AT NIGHT SESSION
OF THE COURT.

The entire day has been consumed with the trial of Leslie Harris, who is charged with assault on Charley Braddy with intent to kill. The testimony will probably all be in by night and during the evening another session will probably be held and the case argued.
The defense has introduced evidence tending to show that it was a matter of self defense and the defense of C. O. Bennett, another officer, that Harris fired the shot which grazed Braddy's body. A stick of wood was produced which a witness swore was the one Braddy had in his hand when Harris came into the room and in the confusion thinking it was a gun which he was in the act of raising to strike Bennett misled him.

Retail Merchants in Session.

St. Louis, Mo., Nov. 19.—With "a square deal for the small retail merchant" as their slogan, one thousand representatives of the retail trade throughout the country assembled at the Planters' Hotel in this city today for the first annual convention of the National Federation of Retail Merchants. The retailers object to having the blame for the high cost of living laid at their doors and the convention will probably register a strong protest.

Martin J. Maloney of Detroit is presiding over the convention sessions, which will continue three days. Senator Jonathan Bourne, Jr., of Oregon, father of the parcels post, is scheduled to discuss that subject before the convention. Another prominent speaker on the program is Charles Nagel, secretary of commerce and labor, who is to talk about the amendments to the Sherman anti-trust law.

To Beautify Small Cities.

Baltimore, Md., Nov. 19.—The eighth annual convention of the American Civic Association began here today with a good attendance of municipal officials and civic leaders from all parts of the country. President J. Horace McFarland called the gathering to order and will preside over the three days' session. The program calls for an exhaustive discussion of city planning with special reference to the problems of the small cities and towns. Other matters that will receive attention are the billboard and smoke nuisances, markets and market places and the extermination of the house fly.

NOTICE TO TAXPAYERS.

Your 1912 tax was due November 1st, 1912.

If you want to pay your tax in halves without any penalty you will have to pay your first half before the first day of December, 1912, or you will have to pay penalty on the first half from Dec. 2, 1912, until paid.

If the first half is not paid before January 1st, 1913, all your tax becomes delinquent and will all have to be paid at one time with a penalty of 18 per cent per annum from January 1st, 1913, until paid. If one-half is paid before January 1st, 1913, you will have until June 15th, 1913, to pay the last half, without penalty. The law requires each and every taxpayer to furnish me with a list of his property when he comes to pay his tax or when he writes to find out what they are, for example; if it is personal property (which means all property other than real estate) give name of town or municipal township you were assessed in. For example: John Smith, personal tax in town of Stonewall, or Fitzhugh township or whatever town or township it might be in.

If you own town lots give me your Lot No., Block No. and name of town it is in or if in some one of the additions, of a town, give name of Addition and town. Example: Lot 1 in Block 2 in Frisco Addition to the town of Francis, Oklahoma.

If you own farm land give me the calls of your land, Sec. No. Township and Range. Example: SW 1/4 SW 1/4 of Sec. 16, Twp. 2 North, Range 5 East, Fitzhugh Township.

Your 1911 tax receipt will be a good list but check it over and see that all your property is shown on it.

Trusting that each and every taxpayer will be kind enough to do as required, I am yours for the very best service I can render you.

RIT ERWIN,
County Treasurer.

P. S.—If you don't furnish list as required by law, when you write about your tax your letter won't be answered for I will not know what property you own, and if you don't have a list of your property when you come to pay your tax, the man who has his list will be waited on first and I will wait on you when there is no one waiting. AN OPEN FALL

Owing to our open Fall a great many of us have neglected to get that new suit we have been promising ourselves, and now old man Winter is upon us, and the worst of it is that he gave us no warning that he was coming until he was here and now we are sore at the world because we are cold, but brace up, for it is not too late yet, for you still have time to give us that order and we will get it out in record time, so you see there is no reason why you should freeze after all.

Remember that we make your suit right here in our shop that it does not have to go out of town to be made and that you can come in and watch it through every stage of construction.

Your suit should be built just as careful as your home and you should be just as much interested in its construction. You watch the construction of your home because you are going to live in it; because you want it built strong and lasting; because you want it to be of a pleasing appearance and because you want it built according to your style. You should be interested in the building of your suit, because you are going to live in it; you want it built strong and lasting; you want it to be of nice appearance and because you want it built according to your style.

WANT FEDERAL AID FOR ROADS

Spokane, Wash., Nov. 19.—“Federal appropriations for good roads building will be the next big thing asked of congress by the National Grange,” said National Master Oliver Wilson of Peoria, Ill., on the opening of the forty-sixth annual grange convention in Spokane.

“I believe the public highway is a public concern,” added Mr. Wilson. “There is just as much reason for improving the highways as there is for improving the waterways. We are going after this object in all earnestness and the grange will not drop the

fight until the government aids in road-building.”

More than 3,000 grangers from 33 states are here for the convention, Kentucky being the only state having membership that was not represented by delegates on the opening day.

The visitors were entertained at a brilliant reception in the Spokane Chamber of Commerce on the opening night, addresses of welcome being delivered by Governor Marion E. Hay of Washington, Mayor William J. Hindley of Spokane, President R. Insinger of the Chamber of Commerce and F. M. Marsh, chairman of the local arrangements committee.

New York is the only city at present actively bidding for the 1913 convention. Sentiment among the mem-

bers is divided on the question of next year's convention, a part favoring New York and others some middle western city.

In his annual address, National Master Wilson reported organization of 472 new granges between October 1, 1911, and October 1, 1912, on the latter date the total assets being \$99,390.35.

Mr. Wilson advocated action by the grange looking to a marketing system for farm products, designed to reduce cost to the consumer by eliminating the middleman. In support of the plan he said:

“In my opinion a system of practical co-operation can be inaugurated, whereby the patron of one section can dispose of products to the patron or grange in another section, whereby eliminating all intermediate profits. There are many outside systems of co-operation, some of which no doubt are meritorious and well worth consideration of this body.

“I am not advocating that the National Grange carry out these co-operative business enterprises, but I do believe that the combined business intelligence of this body should be able to formulate a plan, equitable to all concerned, and send it forth as the time co-operative principle to be carried out by our individual membership.”

Mr. Wilson said the campaign of the grange was largely responsible for enactment of the parcels post law. While the bill passed is not all the grange hoped for, he said it would get loyal support from grangers, adding: “But we should, instead of relinquishing our efforts, redouble our energy to secure a general parcels post system that will be equitable and just and which will best serve all our people.”

One of the important figures at the convention is Mrs. G. W. Baird of Minneapolis, the only woman state master, who has held the office in Minnesota for 18 years. Mrs. Baird announces that this is her last term, as she is planning to leave Minnesota in the near future.

C. B. Kegley of Palouse, Washington State Grange Master, is overseeing affairs of the convention. Mr. Kegley is chairman of the Farmers' National Committee on Postal Reform, which meets during the grange convention.

On the afternoon of November 16 the grangers will visit the fifth National Apple Show at Spokane.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a “sage tea,” and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hair before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using “sage tea” for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary “sage tea” made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Hutchinson, Kan., Nov. 19.—Agricultural experts and progressive farmers gathered here in force today to take part in the Kansas Agricultural and Industrial congress. The sessions will last two days. Increased yields, better highways, improved marketing conditions and similar topics are slated for discussion, but most attention will be directed to the problem of how to keep the farmer on the farm.

Alliance Out of the Ordinary.

London, Nov. 19.—An international matrimonial alliance that reversed the general rule of titled bridegroom and American heiress bride was celebrated in Holy Trinity Church Sloane street, today, when the Countess Camilla Hoyos became the bride of Charles W. Short, Jr., of Boston. The wedding attracted a large gathering of fashionable society. The Countess was given away by her eldest brother, Count Hoyos. Mr. Short was attended by his brother as best man. The bride looked very pretty in a gown of white chiffon with an old Brussels lace train and veil. She was attended by six bridesmaids, gowned in white chiffon, trimmed with white swansdown. The ceremony at the church was followed by a large reception at the home of the bride's mother in Cumberland Place. The bride is the youngest daughter of the late Count George Hoyos of Fiume, Austria, and she has passed much of the time in London with her widowed mother, who is an Englishwoman, a daughter of the late Sir William Whitehead. The widowed Princess Herbert Bismarck is a sister of the bride.

Mr. Short, the bridegroom, is the son of a well known lawyer of Cincinnati. He graduated from Harvard in 1908 and afterward studied architecture. He and his bride will make their home in Boston.

Club Women at Palm Beach.

West Palm Beach, Fla., Nov. 19.—This famous resort is thronged today with women from all over Florida, who have come here to participate in the eighteenth annual convention of the State Federation of Women's Clubs. The proceedings began this morning with a meeting of the board of directors. The remainder of the day was devoted to the work of organization, the exchange of greetings and the reception of annual reports from officers and committees. Business sessions and social features will carry the convention over until Thursday evening.

DURANT HAS RECEIVED 6,529 BALES OF COTTON
Durant, Ok., Nov. 19.—So far this season Durant has received a total of 6,529 bales of cotton by wagons. This is about two thousand bales less than was received up to this time last year, but it must be remembered that the acreage was reduced about 20 per cent in this county, and also that it is late this season. This is a very good showing.
The farmers of Bryan county are in fine shape this year, as they put in a large amount of grain, and a great harvest was the result.

CASH REGISTER MEN TO THE BAR

Cincinnati, O., Nov. 19.—The prediction that the case of the National Cash Register Company would be one of the important anti-trust prosecutions left over for the Wilson Administration to push to a conclusion is not likely to be fulfilled. The case was called in the United States District court here today, a special panel of jurors has been drawn, and the indications are that the trial will proceed without delay.

In point of magnitude of the property involved and the prominence of some of the individual defendants the case is one of the most important of its kind ever pressed by the government. The defendants, thirty in number must answer to charges of conspiracy to obstruct and monopolize the cash register business, in violation of the criminal provisions of the Sherman anti-trust law. The indictments were returned by the Federal grand jury sitting in this city last February.

The principal defendants named in the government bill are the following officers of the National Cash Register Company: President, John H. Patterson; vice president, Edward A. Deeds; secretary, George C. Edgerly; treasurer, W. F. Bippus; directors, William H. Huzzey, William P. Hiram and Alfred H. Thomas. All are residents of Dayton, Ohio, where the factory and general offices of the company are located. In addition to those named the defendants include more than twenty officials and managers of the

Stoves Comforts Blankets at SMITH'S

branch sales department of the company.

The National Cash Register Company is alleged to have gained a monopoly of the business during the last twenty years, the actual offense charged in the indictment covering a period of three years. The methods alleged to have been used to obtain the monopoly charged are as follows:

Threatened suits for infringement of patents to be brought to harass competitors, not for valid legal reasons.

Selling imitations of competitors' machines as "knockers" to prejudice customers of business rivals.

Organizing spurious competitive companies.

Seeking patents on inventions of competitors.

Buying up competitors or forcing them out of business.

Bribing employees of competitors and employees of transportation, telephone and telegraph companies.

MONASTIR SURRENDERS

SERVIANS CAPTURE TURKISH STRONGHOLD AND GARRISON OF 50,000 MEN.

Belgrade, Nov. 18.—The Turkish Fortress of Monastir surrendered this afternoon to the Serbian troops. Fifty thousand Turkish soldiers and three Generals laid down their arms. Monastir virtually had been surrounded by Serbian troops for several days, while Greek troops coming from the south had cut off the Turkish line of retreat to Odrin. On Saturday the Serbian troops after desperate fighting throughout the day and night, captured two important heights commanding the city. They then advanced through the morasses upon the inner fortifications, which surrendered today.

Monastir is the headquarters of the Sixth Turkish Army Corps, commanded by Fevzi Pasha, but many other Turkish troops, fleeing from surrounding towns which had been captured by the Serbians, concentrated there. David Pasha, the commander of the Seventh Turkish Army corps went there with many of his soldiers after the fall of Eskup to the Serbians.

It was thought that the Turkish troops would be able to stand a lengthy siege in Monastir, but it is evident that the army was totally disorganized and lacked provisions.

Constantinople, Nov. 18.—The Sultan has addressed an appeal to the sovereigns of the great Powers, it is stated on good authority, requesting intervention to end the war.

A more optimistic tone prevailed in official circles today, due to confidence that the troops will be able to hold the lines at Tebatatja.

It is reported that cholera and typhus are causing fearful ravages in the Bulgarian ranks.

According to an announcement from the War Office the battle in the center of the Tebatatja lines continued today. Mahmud Mukhtar's division attacked the Bulgarians, throwing their formation into disorder and capturing several guns. The Turkish division, however, sustained heavy losses.

act of Montana have elected governor was born in Ohio forty years ago, was educated in the University of Kansas and went to Montana and began the practice of law fourteen years ago.

Congressman Morris Sheppard, selected to succeed Joseph W. Bailey as United States senator from Texas worked as a night watchman in the State Capitol at Austin to earn the money for his expenses at college. Josephus Daniels, Democratic national committeeman for North Carolina and well known as the publisher of the Raleigh News and Observer, is picked by some politicians as a likely choice for the post of Postmaster General in the Wilson cabinet.

Louis B. Hanna, governor-elect of North Dakota entered Congress in 1909 having previously served in both houses of the State legislature. Mr. Hanna was born in Pittsburgh, but was one of the pioneer settlers of the

Dakotas. He began as a lumber merchant, but later became a banker and purchased large land holdings. Before the election of November 5 women could vote in six states, having a total of thirty-seven electoral votes as follows: California, 13; Colorado, 6; Washington, 7; Idaho, 3; Utah, 4; and Wyoming, 3. Their recent victories gave women a choice in the allotment of thirty-three more electoral votes—Michigan, 15; Kansas, 10; Oregon, 5; and Arizona, 3.

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

The editor of the News has lived at Ada six years and although the town has never experienced a boom, there has never been a time that some building was not going on. That is the sort of growth that counts.

Whatever job Mr. Bryan may get under the new administration it is to be hoped that the discharge of his duties will not bring him into frequent contact with Champ Clark. McAlester News-Capital.

President-elect Wilson has gone to the Bermudas for a month of much needed rest and quiet and says it will not be good for the office-hunter who disturbs him. This will be about the last rest period he will see in four years or more.

To a man up a tree it looks very much like Congressmen and other dispensers of pie, would find their task greatly simplified if they would order an election for postmasters at appointive offices. That would turn the matter over to the patrons of the office and the appointee would certainly go in with the good will of a large portion of the community.

A Kansas editor has discovered a method to break up a setting hen. He slips an alarm clock under her, and when it starts its clatter the hen makes her fluttering and cackling get-away, and never comes back. It is easy to be lieve the alarm would have that effect on a hen, for she has no hands with which to pick up the clock and fire it out of the window.

WILLIAMS' UNFAIRNESS.

Muskogee Times-Democrat: Mr. J. Williams of Lawton, who is a candidate of speaker of the legislature, is quoted in the Oklahoman in such a manner as to make it appear that Speaker Durant of the last legislature, and Mr. John P. Crawford of Ada, chairman of the appropriations committee, were hooked up in some plan to increase the state appropriations. This statement, coming from Mr. Williams is very unfair and almost demagogic. Mr. Williams himself was one of the chief champions of several of the bills looking toward larger appropriations. Mr. Williams is a splendid man. We like him very much, but if Mr. Williams had had his way in the last legislature the appropriations would have been three or four million dollars more than they

were. It is very unfair for a man like Mr. Williams, who in the name of the farmer, urged the wildest sort of extravagance, to charge either Mr. Durant or Mr. Crawford with extravagance. If it were not for men like Mr. Williams it would be comparatively easy for the legislature to keep down excessive appropriations. We have a distinct recollection that every time Mr. Brewer and Mr. Elliott cracked their whip, Mr. Williams danced attendance and seemed to like it. J. Roy would be a pretty big man if he did not play to the galleries so much.

The Baptist Ladies Aid Society will conduct a Thanksgiving market Wednesday, Nov. 27. Anything usually served at this season will be had. Orders for same will be taken by Mrs. Stubblefield. Phone 288.

ADDITIONAL LOCALS

Don't fail to read the big ad of R. E. Haynes, the hardware man. It is one that has plenty of interest for any one especially one needing anything in his line.

C. T. Angel and wife are rejoicing over the arrival of a fine young son. The young man arrived Sunday but C. T. forgot all about it Monday when the reporter was around.

"The Girl in Red" Company arrived in time and the prospects are good for a big house, as the advance sale of tickets is good. The company is intact and it looks like a "big night tonight."

Two good ones at the Empress this evening, in fact, that is the only kind that theatre shows. The Organ Grinder's Ward is a story of every day life and all the more interesting on that account. In Old Madrid is a rich Spanish love story. Of course the lovers win out in spite of all the vigilance of a proud mamma.

Politics and Friendship. "Have you decided how you are going to vote?" "Yes; but let's change the subject. There's no reason why you and I should not continue to be friends."

Of all the English novelists, W. K. Collins stands in the very front rank. Dickens alone being entitled to stand beside him. Of his noted works of mystery, the Woman in White has always ranked first. This is the attraction that will be seen at the De Sota this evening. It is a two reel picture, and one of the best that money can procure anywhere. The actors in the performance are Thanhouse's best, which statement is sufficient guaranty of its qualities.

AKIN ESCAPES FROM OFFICER

Evidently Not Wishing to Return to Oklahoma, Jumps From Train at Amarillo, Texas.

Amarillo, Tex., Nov. 18.—Shipping into a toilet compartment, locking the door and dropping from the window while the train was slowing down in the suburbs of Amarillo Monday morning, Oliver Akin, Oklahoma legislator, author of the Akin bill providing for cutting off a number of state schools, and alleged bad check artist, made good his escape from Sheriff Ike Sayles of Cleveland county, Oklahoma, while being taken back to Oklahoma to stand trial for alleged writing of bad checks. Akin was captured in Los Angeles several days ago and made a fight against requisition, alleging his arrest was a political frame-up.

MARTIN DRAWS FIVE YEARS

PLEADS GUILTY TO THEFT OF DOMESTIC ANIMALS NEAR MAXWELL SATURDAY.

This morning Sim Martin, a young man living in the vicinity of Stratford, entered a plea of guilty to a charge of theft of domestic animals and received the minimum penalty of five years.

It is said that on Saturday night he attended a social gathering near Maxwell, and probably thinking that riding would be easier than walking, picked up a mare belonging to Mr. Southard. A mule, also belonging to the same party followed the mare. Deputy Sheriff J. A. Hooper took the trail at once and found the animals near Stratford, the mare showing signs of having been ridden hard. The boy was located at Byars and brought back to Ada Monday afternoon.

Rev. D. J. Austin and wife will leave Saturday for Fort Worth where they will spend the winter. This estimable couple has resided at Ada for the past six years and this will be the longest period of time they have been away from Ada. Rev. Austin has always stood at the forefront as a minister and teacher.

LIVER BUTTONS FROM HOT SPRINGS

Really Marvelous Remedy for Constipation, Billiousness and Sick Headache.

Elderly people, especially are finding to their great joy that there is nothing on earth so good to aid the bowels and keep the stomach, bowels and liver in tip-top condition as Hot Springs Liver Buttons.

They are surely true laxatives; they not only keep the bowels in prime shape without discomfort, but the tone up the system, purify the blood, turn sallow, pimply skin into clear, healthy skin, and banish despondency or the blues.

Use the wonderful Hot Springs Liver Buttons also for indigestion, torpid liver, nervousness, dizziness etc., and you will have no use for ordinary cathartics and purgatives. 25c a box at all good drug stores. For free sample, write Hot Springs Chemical Co., Hot Springs, Ark.

Crippling the Food and Drugs Act.

The Journal of the American Medical Association, discussing the McCabe-Wilson-Dunlap conspiracy to oust Dr. Wiley from the Bureau of Chemistry, says that the Food and Drug Act was seriously crippled both by the inadequacy of the punishment meted out to its violators and by the interminable delay in bringing cases to trial. Good examples of the law's delay are found in two notices of judgment recently published. One of these records a case in which an offense committed in January, 1910, finally came to trial in April, 1912. The public document giving information about this case was not issued until Sept. 27, 1912. The other case described was one of misbranding committed in August, 1910, and brought to trial in April, 1912. The public was given information about this case Sept. 27, 1912. Both of these were clear-cut cases of misbranding. In one, the defendant declined to contest the charge, and was let off with the mere payment of costs. In the other, a plea of guilty was entered and a fine of five dollars was imposed. How much of a deterrent is a law which is so enforced that it may take two years or more for a given case to come to trial and when finally brought to trial results in a mere nominal fine? One of the best preventives against law violation is newspaper publicity. Many firms of the "large and respected" type which, under present conditions, do not hesitate to misbrand or adulterate foods and drugs, would think twice about doing so if they found that the news-

HODGES ELECTED GOVERNOR OF KANSAS BY 23.

Topeka, Nov. 18.—All but one county, Wyandotte, have reported the official count on the vote for governor to the secretary of state. The Journal correspondent at the state house totaled the 104 counties officially reported on governor and added 1,728 as Hodges's majority in Wyandotte. The result shows a lead of twenty-nine for Hodges. Capper has a report from Wyandotte that Hodges's majority there is 1,722. Using those figures instead of 1,720 Hodges's lead would be twenty-three.

It is reported here that seventeen counties, which have already officially reported to the secretary of state, will send in supplemental reports and that there will probably be still more. These supplemental reports will have an important bearing on the result.

HARRIS CASE NEARING END

ATTORNEYS WILL PROBABLY ARGUE AT NIGHT SESSION OF THE COURT.

The entire day has been consumed with the trial of Leslie Harris, who is charged with assault on Charley Braddy with intent to kill. The testimony will probably all be in by night and during the evening another session will probably be held and the case argued.

The defense has introduced evidence tending to show that it was a matter of self defense and the defense of C. O. Bennett, another officer, that Harris fired the shot which grazed Braddy's body. A stick of wood was produced which a witness swore was the one Braddy had in his hand when Harris came into the room and in the confusion thinking it was a gun which he was in the act of raising to strike Bennett misled him.

Retail Merchants in Session.

St. Louis, Mo., Nov. 12.—With "a square deal for the small retail merchant" as their slogan, one thousand representatives of the retail trade throughout the country assembled at the Planters' Hotel in this city today for the first annual convention of the National Federation of Retail Merchants. The retailers object to having the blame for the high cost of living laid at their doors and the convention will probably register a strong protest.

Martin J. Maloney of Detroit is presiding over the convention sessions, which will continue three days. Senator Jonathan Bourne, Jr., of Oregon, father of the parcels post, is scheduled to discuss that subject before the convention. Another prominent speaker on the program is Charles Nagel, secretary of commerce and labor, who is to talk about the amendments to the Sherman anti-trust law.

NOTICE TO TAXPAYERS.

Your 1912 tax was due November 1st, 1912.

If you want to pay your tax in halves without any penalty you will have to pay your first half before the first day of December, 1912, or you will have to pay penalty on the first half from Dec. 2, 1912, until paid.

If the first half is not paid before January 1st, 1913, all your tax becomes delinquent and will all have to be paid at one time with a penalty of 18 per cent per annum from January 1st, 1913, until paid. If one-half is paid before January 1st, 1913, you will have until June 15th, 1913, to pay the last half, without penalty. The law requires each and every taxpayer to furnish me with a list of his property when he comes to pay his tax or when he writes to find out what they are, for example, if it is personal property (which means all property other than real estate) give name of town or municipal township you were assessed in. For example: John Smith, personal tax in town of Stone-wall, or Pittsburgh township or whatever town or township it might be in.

If you own town lots give me your Lot No., Block No., and name of town it is in or if in some one of the additions, of a town, give name of Addition and town. Example: Lot 1 in Block 2 in Frisco Addition to the town of Francis, Oklahoma.

If you own farm land give me the calls of your land, Sec. No., Township and Range. Example: SW1 SW1 of Sec. 16, Twp. 2 North, Range 5 East, Pittsburgh Township.

Your 1911 tax receipt will be a good list but check it over and see that all your property is shown on it.

Trusting that each and every taxpayer will be kind enough to do as required, I am yours for the very best service I can render you.

RIT ERWIN,
County Treasurer.

P. S.—If you don't furnish list as required by law, when you write about your tax your letter won't be answered for I will not know what property you own, and if you don't have a list of your property when you come to pay your tax, the man who has his list will be waited on first and I will wait on you when there is no one waiting. 81w-261d

AN OPEN FALL

Owing to our open Fall a great many of us have neglected to get that new suit we have been promising ourselves, and now old man Winter is upon us, and the worst of it is that he gave us no warning that he was coming until he was here and now we are sore at the world because we are cold, but brace up, for it is not to late yet, for you still have time to give us that order and we will get it out in record time, so you see there is no reason why you should freeze after all.

Remember that we make your suit right here in our shop that it does not have to go out of town to be made and that you can come in and watch it through every stage of construction.

Your suit should be built just as careful as your home and you should be just as much interested in its construction. You watch the construction of your home because you are going to live in it; because you want it built strong and lasting; because you want it to be of a pleasing appearance and because you want it built according to your style. You should be interested in the building of your suit, because you are going to live in it; you want it built strong and lasting; you want it to be of nice appearance and because you want it built according to your style.

HARRIS CASE NEARING END

ATTORNEYS WILL PROBABLY ARGUE AT NIGHT SESSION OF THE COURT.

The entire day has been consumed with the trial of Leslie Harris, who is charged with assault on Charley Braddy with intent to kill. The testimony will probably all be in by night and during the evening another session will probably be held and the case argued.

The defense has introduced evidence tending to show that it was a matter of self defense and the defense of C. O. Bennett, another officer, that Harris fired the shot which grazed Braddy's body. A stick of wood was produced which a witness swore was the one Braddy had in his hand when Harris came into the room and in the confusion thinking it was a gun which he was in the act of raising to strike Bennett mistook him

Retail Merchants in Session.

St. Louis, Mo., Nov. 19.—With "a square deal for the small retail merchant" as their slogan, one thousand representatives of the retail trade throughout the country assembled at the Planters' Hotel in this city today for the first annual convention of the National Federation of Retail Merchants. The retailers object to having the blame for the high cost of living laid at their doors and the

convention will probably register a strong protest.

Martin J. Maloney of Detroit is presiding over the convention sessions, which will continue three days. Senator Jonathan Bourne, Jr., of Oregon, father of the parcels post, is scheduled to discuss that subject before the convention. Another prominent speaker on the program is Charles Nagel, secretary of commerce and labor, who is to talk about the amendments to the Sherman anti-trust law.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hair before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Our Personal Guarantee to all Skin Sufferers" RAMSEY DRUG CO.

We have been in business in this town for some time, and we are looking for a remedy made by always advising our patients right.
So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's non-refundable guarantee, backed by ourselves, you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our patients if we help our patients.
We keep in stock and sell, all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or better, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this bottle will cost you nothing. You alone to judge.
Again and again we have seen how a few drops of this simple wash applied to the skin takes away the itch, instantly. And the cures all seem to be permanent.
D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you applied this D. D. D.
We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive no-pay guarantee.

WANT FEDERAL AID FOR ROADS

Spokane, Wash., Nov. 19.—"Federal appropriations for good roads building will be the next big thing asked of congress by the National Grange," said National Master Oliver Wilson of Peoria, Ill., on the opening of the forty-sixth annual grange convention in Spokane.

fight until the government aids in road-building." More than 3,000 grangers from 33 states are here for the convention, Kentucky being the only state having membership that was not represented by delegates on the opening day. The visitors were entertained at a brilliant reception in the Spokane Chamber of Commerce on the opening night, addresses of welcome being delivered by Governor Marlon E. Hay of Washington, Mayor William J. Hindley of Spokane, President R. Insinger of the Chamber of Commerce and F. M. Marsh, chairman of the local arrangements committee. New York is the only city at present actively bidding for the 1913 convention. Sentiment among the mem-

bers is divided on the question of next year's convention, a part favoring New York and others some middle western city. In his annual address, National Master Wilson reported organization of 472 new granges between October 1, 1911, and October 1, 1912, on the latter date the total assets being \$39-300.35. Mr. Wilson advocated action by the grange looking to a marketing system for farm products, designed to reduce cost to the consumer by eliminating the middleman. In support of the plan he said: "In my opinion a system of practical co-operation can be inaugurated, whereby the patron of one section can dispose of products to the patron or grange in another section, whereby eliminating all intermediate profits. There are many outside systems of co-operation, some of which no doubt are meritorious and well worth consideration of this body. "I am not advocating that the National Grange carry out these co-operative business enterprises, but I do believe that the combined business intelligence of this body should be able to formulate a plan, equitable to all concerned, and send it forth as the time co-operative principle to be carried out by our individual membership."

Mr. Wilson said the campaign of the grange was largely responsible for enactment of the parcels post law. While the bill passed is not all the grange hoped for, he said it would get loyal support from grangers, adding: "But we should, instead of relinquishing our efforts, redouble our energy to secure a general parcels post system that will be equitable and just and which will best serve all our people."

One of the important figures at the convention is Mrs. G. W. Baird of Minneapolis, the only woman state master, who has held the office in Minnesota for 18 years. Mrs. Baird announces that this is her last term, as she is planning to leave Minnesota in the near future.

C. B. Kegley of Palouse, Washington State Grange Master, is overseeing affairs of the convention. Mr. Kegley is chairman of the Farmers' National Committee on Postal Reform, which meets during the grange convention.

On the afternoon of November 16 the grangers will visit the fifth National Apple Show at Spokane.
